

Pollock Pines-Camino Community Center proudly presents:

MURDER on the Dusty Trail

The year is 1882; the American West has yet to be won, except by the Buffalo Bill Wild West show in the hearts of Americans everywhere. Buffalo Bill has been recruiting talent for a new show in the Gold Country of California, and anyone - prospectors, ranchers, gunmen or thieves - and some who are escaping the long arm of the law - have applied to be a part of this historical show. Usually, the only murder that occurs on the trails these days, are outlaws trying to steal a gold shipment. But tonight you will meet a different kind of outlaw, and have to solve a different kind of murder!

The murder takes place on
